

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Personnel

DATE: 27 May 1946

FROM : Chief, Operational Auxiliaries Branch

SUBJECT: Communications Facilities to be Provided for World-Wide Intelligence Agency

6 2
The Communications Division will provide all types of communications for world-wide coverage, to include electrical, cryptographic, pouch, secret inks and innocent text *with particular stress being given to security of all communications facilities.*

Electrical means will include Army, Navy and commercial carriers supplemented by agency links where required and by blind broadcast.

Cryptographic facilities will be provided through close coordination with Army, Navy and State Department sections for all electrical means or transmission [redacted] other facilities if required.

[redacted]
Secret inks and innocent text will be used to a limited extent through mail facilities, cut-outs [redacted] and through commercial representatives dependent upon the requirements for the individual operating *IVE*

Alternative or emergency means will be required in many cases in the event of breakdown of normal channels.

[redacted]
Colonel, Sig. C.
Chief, Operational Auxiliaries Branch
